

ADA Compliance Web Solutions

Is your website up to modern standards? In today's culture, audiences expect "forward-thinking" organizations to prioritize accessibility, and ADA compliance can help your brand win the public as well as digital market space. Aside from increased accessibility, ADA compliance improves your SEO ranking and user engagement. TRIO's accessiBe solutions increase your site's accessibility to capture more clients with the ultimate user-friendly web experience.

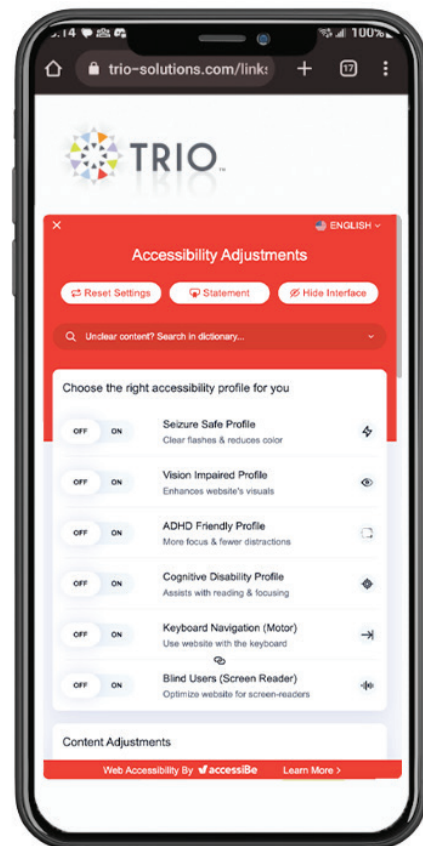

How does it work? Simple. accessiBe packages are seamlessly coded into your existing website by our web team, boosting its accessibility and ensuring an inclusive web experience that gets results. Accessibility matters; with accessiBe, you can broaden your reach and your brand's appeal.

CREATE A WEB EXPERIENCE FOR ONE AND ALL

Packages available for \$499/year and include the following:

- Seamless integration of accessiBe code into your existing website
- Ensured ADA compliance of your brand's web experience
- Technical web support for issues related to your accessiBe add-on
- Automatic updates in real-time to ensure user experience is always optimized for peak performance

To determine the best package for your organization, please contact Jenny Dennis at jenny@trio-solutions.com.

Be seen. Be heard. Be *creative.*
