

Custom Links Page

Tired of constantly changing the link in your social media bio? Do you have multiple links to share but no space to display them? TRIO's Links Page Package bypasses these issues with one simple solution. Links Pages are custom-built to meet your needs and allow you to house multiple links on one platform, creating an easy-to-access location for all essential content.

Team TRIO will ensure your page is on brand and carries the same look, feel and user experience as the rest of your site. These pages are integrated directly into your website to provide SEO advantages not offered by your typical Linktree page.

ALL YOUR BRAND ESSENTIALS LINKED TOGETHER IN ONE PLACE

Packages include the following for a one-time fee of \$500:

- Professionally designed web page including all your most important links
- Coding and seamless integration of your link's page to your existing site
- Exclusive SEO advantages not offered by third-party options like Linktree
- Update social media channels to promote your Links page
